### THE BACK STORY- CELLPHONES FOR WAILING WOMEN HAITI

We give the Lord thanks and praise for the birthing of Wailing Women Haiti. The Lord himself intervened and this nation was birthed on 13 November 2020.

Despite a poor network and WhatsApp connection this nation was born, and we are in awe of the Lord's awesome power.

The speed with which Haiti came into being shows the importance which God has for her. The spiritual link to Benin will be even more evident in this New Year 2021.

**Elrose Dorina** is our National coordinator there, we are thankful for her and the twelve ladies with her.

Of the 12 ladies only **Elrose** and one other lady had a mobile phone.

This need touched the hearts of *Wailing Women* and *Wailing Women Bahamas*. After pondering over this with Judy and praying we decided to ask for donations from our Wailing Women and our facilitators.

In one day over \$1500.00US was raised this was yet another divine intervention, then to ensure the purchase of the cellphones the Lord provided a Haitian brother who was travelled to Haiti from the Bahama on business. This dear brother the charge upon him to purchase the phones and get them to **Elrose** and the ladies of *Wailing Women Haiti*.

The phones were finally delivered on Wednesday 20 January 2021, after many setbacks. This now means that all these ladies can be added to the *WW Haiti Whatsapp Group* and so they can all now be connected.

I give the Lord thanks for Rev. Judy, as she has been a tremendous help in assisting in this effort.

We bless Abba richly for this first breakthrough for Wailing Women Haiti.
